ASHWATH SHIVA P

Computer Science Engineering Student — Python Developer — Full Stack & AI Enthusiast

+91-8590347316 — Kasaragod, Kerala

ashwath0598@gmail.com — GitHub — LinkedIn

Professional Summary

Computer Science Engineering student with hands-on experience in Python, Django, Machine Learning, Full Stack Development, and AI-powered applications through academic projects and internships. Passionate about building scalable software solutions and continuously learning modern technologies.

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Vimal Jyothi Engineering College, Kannur, Kerala

CGPA: **7.65 / 10**

Expected Graduation: **2027**

Technical Skills

Programming Languages

Python, Java, C, JavaScript

Web Technologies

HTML, CSS, Django

Database

MySQL

Core Concepts

Machine Learning, Deep Learning

Tools

Git, GitHub, VS Code, XAMPP

Projects

AI-Based Urban Sound Classification Using Deep Learning

- Developed an AI-powered system to classify urban sounds for smart city applications.
- Implemented deep learning techniques for environmental sound recognition.
- Designed the system to identify multiple sound events for intelligent emergency response scenarios.
- Technologies Used: Python, Deep Learning.

Period Tracker Web Application Using Django

- Developed a web application for menstrual cycle tracking and prediction.
- Implemented user authentication, cycle history management, and personalized prediction features.

- Designed a responsive interface and integrated MySQL for secure data storage.
- Technologies Used: Django, Python, HTML, CSS, JavaScript, MySQL.

Internships

Full Stack Development Intern — Zoople Technologies

27 May – 13 June

- Developed responsive web applications using Django, HTML, CSS, JavaScript, and MySQL.
- Worked on frontend and backend integration and implemented CRUD operations.

UI/UX Design Intern — TECHMINDZ

2 Weeks

- Designed user-friendly interfaces and wireframes for web applications.
- Applied UI/UX principles to improve usability and user experience.

Data Science with Python Intern — Techmaghi

15 Days

- Worked on Python-based mini projects including Recommendation Engine, Tic-Tac-Toe Game, and Fake News Detection.
- Gained practical experience in Python programming, data analysis, and machine learning concepts.

Certifications

- Data Science with Python (2 Months) – Techmaghi
- Python 101 for Data Science – IBM SkillsBuild
- Data Science 101 – IBM SkillsBuild
- Foundations of Prompt Engineering – AWS Training & Certification

Relevant Coursework

- Data Structures & Algorithms
- Database Management Systems
- Operating Systems
- Computer Networks

Languages

- English
- Malayalam
- Hindi (Basic)
